Get your Magnolia skills recognized! Be a Certified Associate Developer!

What is an Associate Developer?

An Associate Developer has a solid understanding of the basics of Magnolia and can begin working on a CE or EE project. This certification is free for all attendees of instructor-led training. Now available to anyone that purchases an exam token. Train at home and then take our online exam for a fraction of the cost of attending an instructor-led training session.

You get -

- a personalized pdf that links to our corporate website
- a [personal url](#) to a unique page with your name, qualification and country
- permission to use the Associate Developer logo on social media, your resume etc.
- access to further levels of certification that require Associate Developer status.

Part of the Magnolia International Training and Certification Program
